The X240 4WD.

Great Wall

Great Wall. A Great story.

For many years now, Great Wall has enjoyed a reputation worldwide for building tough, reliable, value for money vehicles.

Since the New Zealand launch in 2009, Great Wall vehicles have more than earned that reputation here.

The V240 Great Utes of China and the X240 Great 4WD of China have exceeded all expectations and continue to do so for many New Zealanders.

The nationwide dealer network continues to grow, reporting nothing but praise from owners all over the country who are enjoying the reliability, safety, technology and reassurance that Great Wall offers.

When you combine this with the amazing value that Great Wall represents, the experience can best be summed up in one word. **Great!**
